1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2. Claims 1 to 7 are rejected under 35 U.S.C. 103(a) as being unpatentable over Christiano et al. in view of EP 206 522.

This rejection relies on the rationale of record. As such the rationale for this rejection will not be repeated. Applicants' traversal has been considered but is not deemed persuasive.

In response to applicants' arguments against the references individually, one cannot show nonobviousness by attacking references individually where the rejections are based on combinations of references.

Applicants argue that Christiano et al. do not teach (v) or (vi). The Examiner noted this in the office action. It is also argued that EP '522 does not teach the siloxane resin (ii). The rejection does not rely on '522 for the teaching of the siloxane resin. It is argued that EP '522 does not teach component (vi). As noted in the previous office action, the coating on column 6 meets this requirement.

The Examiner maintains that the *totality* of the teachings in the two references cited above does, in fact, meet each claimed component (i) to (vi). She also maintains that there is adequate motivation to make the combination as required to arrive at the claims. Please see the rationale noted in the previous office action. Applicants' traversal simply is not persuasive.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
